Jell-O Girls: A Family History, by Allie Rowbottom (Little, Brown and Company, \$28)
“An absolutely fascinating memoir that combines a personal family account with one of America’s most recognizable foods. Seamlessly exploring the foundation of her family’s wealth and the seemingly cursed lives of three generations of women, Rowbottom has written a page-turning cultural history that hits on both the nostalgia many associate with Jell-O and the societal forces that propelled the brand.” —**Kelly O’Sullivan, R.J. Julia Booksellers, Madison, CT**

Introduce

His Favorites: A Novel, by Kate Walbert (Scribner, \$22) “Kate Walbert is one of my favorite writers and she continues to create memorable novels, as evidenced by this new one. There’s something about the way she tells her story of a young girl struggling to balance a wild energy with a soft heart who is preyed upon by a charismatic and overbearing teacher that makes the novel both sing and pierce the heart simultaneously. I read this in one evening and was completely overtaken by it. It is excellent.” —**Sheryl Cotleur, Copperfield’s Books, Sebastopol, CA**
