### Another Indie Favorite

**Fur, Fortune, and Empire: The Epic History of the Fur Trade in America, by Eric Jay Dolin (Norton, \$18.95)** "Dolin guides readers through more than 200 years of man's quest for incredibly valuable animal pelts. Much of the tale is surprisingly nautical, as Old World powers vie for control of the abundant resources of the New World. Dolin's book seamlessly connects the economic, cultural, and geographical threads of the fur trade. His overview of this key era is beautifully written. Shipboard scoundrels, mountain men, Indian captives, ruthless capitalists, even victims of grizzly bears—this superb history has it all!" —**Christopher Rose, Andover Bookstore, Andover, MA**
