Another Indie Favorite

What Language Is: And What It Isn't and What It Could Be, by John McWhorter (Gotham, \$16)

"This is a light-hearted investigation into how linguists view language. From languages that change tone for different tenses to languages that do not have any regular verbs, this is an entertaining foray into what language is and what it is not. I look forward to reading more from this talented linguist."

—Fran Wilson, Colorado State University Bookstore, Fort Collins, CO
