Other Indie Favorites

Mrs. Queen Takes the Train: A Novel, by William Kuhn (Harper, \$25.99) "The Queen has tried to stay up to date, practicing yoga and learning to surf the Internet, but decades of pomp and circumstance have taken their toll and Her Majesty needs a break. She sets off alone—well-disguised in a skull-motif hoodie—on a train to Scotland, only to be pursued by a motley crew of royal attendants determined to bring her home before she creates a royal scandal. This debut novel is thoroughly fresh and charming, an imaginative story about the most famous woman who almost no one really knows." —**Jody Misner Chwatun, Saturn Booksellers, Gaylord, MI**

The Middlesteins: A Novel, by Jami Attenberg (Grand Central Publishing, \$24.99) "Just when you think you're done reading about dysfunctional American families, a novel like *The Middlesteins* comes along and blows you away. You will become deeply invested in the loves and longings of the eponymous, semi-chaotic Jewish clan from Chicago. There's Edie, the tough, fierce matriarch who can't stop eating; Richard, the husband who leaves her; and Robin and Benny, the adult children, distracted by troubles of their own. Attenberg proves that there is still much more left to say—about family, heartache, and food—and so many fresh and funny ways to say it." —**Elizabeth Sher, Politics and Prose Books and Coffee Shop, Washington, DC**
