**Another Indie Favorite for Teen Readers**  
**Across a Star-Swept Sea**, by Diana Peterfreund (Balzer + Bray, \$17.99) "Inspired by The Scarlet Pimpernel, this novel has everything that I loved from Peterfreund's previous book, For Darkness Shows the Stars, but with a story all its own: a fast-paced plot, a captivating post-apocalyptic setting, crazy-enough-to-be-plausible technology, and a simmering romance. Across a Star-Swept Sea is an enchanting amalgam of adventure, political espionage, romance, and science fiction, tinged with humor and wrapped in a sparkling futuristic world." —Leila Nebeker, One More Page, Arlington, VA
