Gemini: A Novel, by Carol Cassella (Simon & Schuster, \$25.99) "A medical mystery, a love story, and a novel of depth and complexity—Cassella manages all of this in *Gemini*. Jane Doe is transferred late at night into the care of ICU doctor Charlotte Reese. Jane has been dropped on the hospital doorstep with a thick pile of papers detailing everything that can go wrong with her after a hit-and-run accident, but the crucial detail of her identity is missing and with it, the people who would speak for her while she dwells in a coma. As Charlotte attempts to unravel the mystery of her patient, she finds herself examining her own life. Full of suspense, heartbreak, insight, and a gripping, unexpected ending, *Gemini* is a pleasure to read." —**Luisa Smith, Book Passage, Corte Madera, CA**

The Enchanted: A Novel, by Rene Denfeld (Harper, \$25.99) "A death row inmate, a fallen priest, and the Lady. These nameless characters are central to this dark, enthralling, magical story. Locked in a dungeon cell, the inmate deals with his incarceration by transforming the prison into a wondrous place. The rumblings of the earth become golden horses running below his cell, molten lava flowing from their manes. The Lady works to have the sentences of the condemned commuted to life in prison, while the priest is fallen, lost, and desperately in love with her. These characters live and work in a truly enchanted place, and I was sorry to leave them behind when the book was finished." —**Jessie Martin, Nicola's Books, Ann Arbor, MI**
