Other Indie Favorites

Bird Box: A Novel, by Josh Malerman (Ecco, \$25.99) "Imagine a world invaded and devastated by a monster that, if gazed upon, makes the viewer insane and prone to acts of violence. Insert into this world a young mother living in a shrouded house with two young children whom she has trained from birth to listen, but never to look. Now, she is going to take them blindfolded on a trip 20 miles downriver in a canoe in hopes of a better life. This is the world of *Bird Box* that will keep you up reading well past your bedtime. Creepy, wonderful, and un-put-downable." —Lori Haggbloom, Books Inc., San Francisco, CA

Jack of Spies: A Novel, by David Downing (Soho Crime, \$26.95) "This thought-provoking and moving historical epic about a British man with linguistic talents who gradually becomes a spy takes place in the year before World War I breaks out. Women were fighting for the right to vote and oppressed peoples all over the world were rebelling against colonial power structures. Downing captures all these complexities without slowing down the pace of this gripping thriller. Highly recommended!" —Bina Valenzano, The BookMark Shoppe, Brooklyn, NY
