John Cleese, Crown Archetype, \$28

#### Other Indie Favorites

**Far as the Eye Can See: A Novel, by Robert Bausch (Bloomsbury, \$26)** "It is a delight to experience the Montana and Wyoming territories circa 1870–1876 through the adventures of Civil War veteran Bobby Hale. His original plan to travel to California fades as he rides west with settlers, scouts for the Army, and cares for an injured woman who is running from her Indian husband. The dialect of the narrator and the language of the characters are accurate for the period, allowing the reader to be completely immersed in the setting of this rip-roaring tale." —**Paula Steige, MacDonald Bookshop, Estes Park, CO**

**33 Artists in 3 Acts, by Sarah Thornton (W.W. Norton, \$26.95)** "In her previous book, *Seven Days in the Art World*, Thornton examined the institutions that form the channels through which contemporary art may find its way to the public. In *33 Artists in 3 Acts*, she converses with some of today's most high-profile artists, including Ai Weiwei, Jeff Koons, Cindy Sherman, and Damien Hirst. None of the artists display reticence or mystery; rather, philosophy, politics, narcissism, and even some genuine candor are evident. Thornton does not overly editorialize, allowing the artists to speak for themselves, and the results are sometimes thought-provoking, sometimes maddening, but always entertaining." —**Michael Bristow, University Book Store, Seattle, WA**

### Another Indie Favorite

**The Heart Does Not Grow Back: A Novel, by Frank Venturini (Picador, \$16)** "If you possessed the power of human regeneration, what would you do with it? In the case of Dale Sampson, you use your 'gift' for the ultimate good: reality television. After a horrific incident in high school, Dale realizes he has the ability to spontaneously regenerate his organs and limbs. Following years of depression, he decides—with the help of his longtime best friend and spurred on by the idea of saving a high school sweetheart—to give himself up to the reality show moguls in Hollywood. As outlandish as the plot may sound, this novel is thought-provoking and inspirational, with more than a few laughs along the way." —**Amanda Hurley, Inkwood Books, Tampa, FL**

All Fiction Series titles are hardcover and paperback unless noted.

**Another Indie Favorite for Ages 9 to 12**  
**Bugs: A Stunning Pop-Up Look at Insects, Spiders, and Other Creepy-Crawlies, by George McGavin, Jim Kay (illus.)** (Candlewick Press, \$19.99) "This book is so cool! Bugs are ooey-goey, creepy, skin-crawling, fascinating, totally neat creatures, and McGavin and Kay's book captures all of that and then some. Bugs focuses on the curiosity-inducing bits of insects' lives with super cool pop-ups, including one that shows the anatomy of a beetle. Perfect for the amateur entomologist!" —Hannah Johnson Breimeier, **Boswell Book Company, Milwaukee, WI**
