Another Indie Favorite

Migratory Animals: A Novel, by Mary Helen Specht (Harper Perennial, \$14.99) "Specht's novel weaves together stories of science and art, friends faraway and family returned. *Migratory Animals* is a coming-of-age tale for grown-ups, a reminder that growing pains don't stop as we age and change and become who we're supposed to be — or who we hope to be. Flannery and her friends will grab hold of you and not let go until the last page has been turned." —Annie B. Jones, *The Bookshelf*, Thomasville, GA
