#### Other Indie Favorites

**Where the Dead Pause, and the Japanese Say Goodbye: A Journey**, by Marie Mutsuki Mockett (W.W. Norton, \$26.95) "Mockett's journey begins in the wake of the 2011 earthquake and tsunami in Japan, near the site of the Fukushima Daiichi power plant, and encompasses a nation's grieving as well as her own. Through her beautiful descriptions of traditions, rituals, conversations, and quiet moments, she shows the nuances of a people picking up and moving on. By seeking out the cultural context of her subject's very human reactions and emotions, Mockett walks a fine line that globalization has tried to erase entirely and our understanding of the events and their aftermath is richer for it." —Rachel Cass, Harvard Book Store, Cambridge, MA

**Ongoingness: The End of a Diary**, by Sarah Manguso (Graywolf Press, \$20) "Ongoingness is at once a calm analysis and a feverishly whispered confession. Built around the 'dark matter' of Manguso's 800,000-word diary, each capsule-sized entry is a meditation on memory, mortality, and what we leave behind — both tangible and not. Highly recommended for fans of Joan Didion's *The White Album* and Leslie Jamison's *The Empathy Exams*." —Sarah Hollenbeck, Women & Children First, Chicago, IL
