### Another Indie Favorite

**Orion and the Dark, by Emma Yarlett (Templar, \$16.99)** "Orion is afraid of a lot of things, but most of all he is afraid of the Dark. He tries everything he can to avoid it. But one night when he yells at the Dark to go away, the Dark comes alive and drops into his room. That night, the Dark teaches Orion that darkness is not always scary and can be fun! With detailed illustrations that pop off every page, this story is a wonderful exploration of how sometimes the things we fear the most are just things we don't understand." —**Phoebe Dyer, Boswell Book Company, Milwaukee, WI**
