Another Indie Favorite

Florence Gordon: A Novel, by Brian Morton (Mariner Books, \$14.95) "Irascible, intellectual, life-long activist Florence Gordon never sought the limelight, and her work now seems to be receding into feminist history. But, at 75, she receives a rapturous review in the *New York Times*. That, plus some disconcerting physical difficulties, increasingly unreasonable demands from her ex-husband, and the recent move of her son and his family to her Upper West Side neighborhood throw this fiercely controlled, independent woman off balance. Every character in this novel faces unexpected challenges and is vividly, memorably drawn." —**Banna Rubinow, the river's end bookstore, Oswego, NY**
