Another Indie Favorite

Black Man in a White Coat: A Doctor's Reflections on Race and Medicine, by Damon Tweedy, M.D. (Picador, \$16) "A marvelous story of the pitfalls and problems of 'doctoring while black.' From a professor who mistakes him for a maintenance worker, to white—and black—patients who assume he is less competent than white doctors, Tweedy tells the engaging, personal, and compassionate story of his road to becoming an M.D. Despite our problematic medical system and our problematic race relations, Damon Tweedy manages to come through all of this with memorable stories and great insights into both sides of the doctor/patient relationship, including the subtle effects of race on the quality of medical care for black patients." —**Tom Campbell, The Regulator Bookshop, Durham, NC**
