Mercies in Disguise: A Story of Hope, a Family's Genetic Destiny, and the Science That Rescued Them, by Gina Kolata (St. Martin's Press, \$25.99) "This is the tale of a family that has shown remarkable strength in the face of adversity. Kolata does a wonderful job showing us the Baxleys' joy and heartbreak by chronicling their decisions, their doubts, their fears; the decision to be genetically tested for a devastating illness seemed agonizing and the consequences of living with the outcome even more so. The strength shown by Amanda and the Baxley family made this one of the most amazing stories that I have ever had the privilege to read. I thank them for sharing their story with me; it was truly inspirational." —Austin Wheeling-Goodson, Burry Bookstore, Hartsville, SC

Girl in Disguise: A Novel, by Greer Macallister (Sourcebooks Landmark, \$25.99) "I'm a resourceful and strong young woman, there is no other option.' That's the concept behind Greer Macallister's telling of the real, honest-to-goodness life of Kate Warne, the first female Pinkerton detective. Kate is a widow with no money and no honest prospects, and she is desperate. Her unconventional upbringing taught her flexibility, and, after spotting Pinkerton's ad, she won't take no for an answer. Kate is hired as an agent and, having proved her value, is soon hiring and training more female agents and serving as a spy as the U.S. prepares to split apart. *Girl in Disguise* is a delight: entertaining and a nonstop read." —Becky Milner, Vintage Books, Vancouver, WA
