### For Ages 4 to 8

**Margaret and the Moon, by Dean Robbins, Lucy Knisley (Illus.) (Knopf Books for Young Readers, \$17.99)** "Here's to female scientists and children's picture books about them! I loved *Margaret and the Moon*, which is about Margaret Hamilton, the woman considered the first female software engineer. This is a must-read for strong girls and those who love and support them." —**Rachel Watkins, Avid Bookshop, Athens, GA**
