Another Indie Favorite

The Midnight Cool: A Novel, by Lydia Peelle (Harper Perennial, \$15.99) "The journey of middle-aged swindler Billy and his young, idealistic partner Charles is a journey into the history and heart of the oft-maligned American dream. As the nation considers whether it will join World War I, Billy and Charles must weigh the merits of freedom against patriotic obligation, their life on the road against the temptation of putting down roots, and their diverging desires against the love and loyalty they bear for each other. Peelle's narrative is exquisitely wrought, richly populated, and ultimately devastating. I finished the novel in tears." —Mairead Small Staid, Literati Bookstore, Ann Arbor, MI
