Another Indie Favorite

American War: A Novel, by Omar El Akkad (Vintage, \$16.95) "Omar El Akkad has delivered a stunning debut. He imagines a world in a not-too-distant future where Americans are at war with each other once again. The characters in this story are fully developed and individual, yet their histories—their stories—extend into the histories of all those displaced and affected by the forces of war. The title, *American War*, is a shape-shifter. At once, it means that America is again at war, but at times reflects the ways in which the true, actual wars that America has perpetrated on Earth have affected the lives of millions of people. This will be one of the most discussed books of the year, and I cannot wait to put it in the hands of all readers looking to be changed." —**Matt Keliher, SubText Books, St. Paul, MN**
