Marilla of Green Gables: A Novel, by Sarah McCoy (William Morrow, \$26.99) "Many of us who grew up with *Anne of Green Gables* always wondered why neither Marilla or her brother, Matthew, married; we were also very curious as to what secret Marilla held in her heart regarding John Blythe. Now, Sarah McCoy answers these questions for us in her new book, *Marilla of Green Gables*. She begins the story when Marilla is only 13 and continues until just before Anne comes to Green Gables. This book is wonderfully and imaginatively written, a rendering that Lucy Maud Montgomery herself would approve of. McCoy brings Marilla to life and helps us understand how she became the woman she did. A must-read for all those who love *Anne of Green Gables*." —Pat Trotter, **Bookends on Main, Menomonie, WI**

Those Who Knew: A Novel, by Idra Novey (Viking, \$26) "This book packs a punch. While slender, every sentence, every word, is well-chosen and thought-provoking. However, as intellectually stimulating as it is, it's still accessible and enjoyable. Every chapter, though small, gives you a snapshot of who a character is and drives the plot along. I picked this book up on a whim and from the very first page I couldn't put it down. I can't recommend this book enough!" —Erin Gold, **Pages Bookshop, Detroit, MI**
