Another Indie Favorite
The Wolves of Winter: A Novel, by Tyrell Johnson (Scribner, \$16) "When all the terrible things imaginable—and unimaginable—happen, all that is left is your family, whether blood or those you bond with in the aftermath of devastation. Teenager Lynn McBride remembers the world before—before nuclear war, before the flu, and even before her family moved to the Canadian Yukon—and those memories tease and haunt her while giving us clues to her history. While her family struggles daily for food and warmth, they are together and they watch out for each other, never encountering strangers—until Jax shows up..." —Eileen McGervey, **One More Page Books, Arlington, VA**
