Indies Introduce 📖

OTHER HARDCOVER INDIE FAVORITES

The Ancients: A Novel
John Larison, Viking, \$30
"In this apocalyptic story, Larison sweeps us across a landscape through the eyes of characters each with a unique view of the devastation of the past. Different societies clash as resources grow scarce, and plans for colonization of other lands become paramount."
—Josie Williams, Invitation Bookshop, Gig Harbor, WA

The Elements of Marie Curie: How the Glow of Radium Lit a Path for Women in Science
Dava Sobel, Atlantic Monthly Press, \$30
"There's a very short list of biographers whose books I'll read no matter the subject, and an even shorter list of writers who make complex subjects fascinating. At the center of that Venn diagram is Dava Sobel."
—Susan Tunis, Bookshop West Portal, San Francisco, CA
