The Sisters
A Novel, by Nancy Jensen
[S. Martin’s, 9780312542702, $24.99]

“This is a powerful story of family through three generations, beginning with two sisters from a small town in Kentucky. In 1927, a tragedy and a misunderstanding separate them when they are both in their teens. We follow their stories and those of their daughters up to 2007. Jensen shows us that strong women are able to use lives cobbled together out of fear and pain as building blocks to create something resembling happiness, or at least stability. This debut novel is a page-turner with characters that remain with the reader long after the book is closed.”
