“Simultaneous and thematic stories create a
new mythology of the American West. From the desperate gold rush of the 49ers, to a
tragic experience in a casino hotel, to the small, safe world of a brokenhearted woman
in her bathtub, the writing is impeccable, the characters complex, and the
stories full of heart and humanity. Do not miss this book!”

“Always one of the West’s best storytellers,
Doig has achieved here the perfect fictional
mix: winning, believable characters; an
intricate, timely, and surprising plot; and a
Montana setting that soars between the early
days of JFK in the 1960s and the 1930s of
Franklin Delano Roosevelt. I frequently fall in
love with books, but The Bartender’s Tale is no mere infatuation! The
love I feel for it will last a lifetime.”

“Here is the authentic voice of the Front Desk
Agent: funny, experienced, profane, and able to
tell a good story or two. Tomsky shares his story of
beginning as a parking valet and rising to the
heights of the front desk, with a horrifying detour
through the housekeeping department along the
way. This book is packed with characters, anecdotes, celebrities, and
useful information for any hotel guest. Heads in Beds does for hotel
workers what Anthony Bourdain’s Kitchen Confidential did for
restaurant workers. It should be an instant classic!”
