THIS MONTH’S #1

On Earth We’re Briefly Gorgeous: A Novel
By Ocean Vuong
(Penguin Press, 9780525620203, $26)
“Alright 2019, this is the novel to beat. On Earth We’re Briefly Gorgeous is the rare novel that makes you experience reading in a slightly different way and shows you that, no matter how many books you’ve read, something new and uniquely beautiful can still be found. The novel takes the form of a letter written by the main character, Little Dog, to his mother—an immigrant from Vietnam who cannot read. The power of Vuong’s poetic writing shines with every paragraph, and each phrase is a carefully considered, emotional journey. Grappling with themes of identity, sexuality, addiction, violence, and finding your place in a world where you feel you don’t belong, this book already feels like a modern classic, destined to be read and talked about for years to come.”
—Caleb Masters, Bookmarks, Winston-Salem, NC
