The American Booksellers Association (ABA) and the League of Women Voters (LWV) are partnering to engage, educate, and empower voters in 2024.

Local businesses like independent bookstores are a vital part of their community and are often the first to feel the impact of local, state, and federal policies. Through this partnership, ABA and LWV aim to help indie bookstores mobilize their communities and encourage everyone to vote this election season!

We’ve created this toolkit to outline actions indies can take to engage their community, provide information like key election dates, and offer valuable resources.

ABOUT OUR ORGANIZATIONS

AMERICAN BOOKSELLERS ASSOCIATION  BOOKWEB.ORG

For almost 125 years, the American Booksellers Association (ABA) has been the guiding voice for independently-owned bookstores. Founded in 1900, ABA is a national not-for-profit trade organization that supports the success of independent bookstores. This success is assisted through education, information dissemination, business services, programming, technology, and advocacy. ABA’s membership has evolved over the years, and our members are more diverse, involved in community, and act as guiding forces in locales around the country. The total number of independent bookstores we represent is 2,500+.

ABA is governed by a volunteer board that is elected by the membership. In addition to the Board of Directors service, members also serve on a number of advisory councils, including the ABA Diversity, Equity & Inclusion Council (DEIC) in support of ABA’s commitment to antiracism, representation, equity, and access.
How bookstore owners can help get out the vote with LWV and our resources

1. Share election information and tools via VOTE411

Launched by the League of Women Voters Education Fund in 2006, VOTE411.org is voters’ one-stop shop for nationwide election-related information and tools. With its voter registration tools and personalized voter guide — provided in both English and Spanish — VOTE411 is one of the most visited nationwide election information sites and has served millions of voters to date.

Some of the most helpful tools on VOTE411 for voters include:

- **Voter registration tool.** This allows voters from anywhere in the country to update their voter registration.

- **Personalized voter guide tool.** This offers ZIP-code specific information on the candidates and ballot measures that will be included on a voter’s upcoming election ballot. To make the voter guides, LWV asks candidates questions, and candidates answer in their own words, facilitating a fully nonpartisan process to help voters research what will be on their ballots.

- **Voting information by state.** This offers state-specific information on upcoming elections and deadlines, absentee ballots, voter ID laws, and more.
It is imperative that voters know who is on the ballot and what those candidates stand for. Stores can contact their local League and request they put specific positions in their ballot guide related to their business and community concerns. For instance, if there are important zoning votes coming up for city council that will impact your business, ask your local League to include the city council candidate’s position on that issue in the LWV ballot guide. If your state is considering legislation that relates to the First Amendment, make sure your local League includes the position of Senate and Congressional candidates in the ballot guide. You can use the League’s ballot guides to educate your customers on candidate positions on issues that are important to your store and your community. Contact your local League using this League Locator to talk about your community’s needs this election season and identify areas where you can work together for greater impact.

This could include:

- Hosting voter registration drives or information tabling at your store
- Hosting a civic information session with expert speakers on an important community issue being voted on
- Hosting a mis- and disinformation training
- Collaborating on a candidate forum event
- And more!

2 Collaborate with your local League on civic programming

The ABA and LWV’s co-branded VOTE411 page (VOTE411.org/ABA) helps independent bookstores mobilize their consumers to make their voices heard and helps ABA demonstrate the power of independent bookstores in their communities.

Ways to use this resource include:

- Add VOTE411 to your website and post on social media
- Pass out VOTE411 printed materials at your check-out counter, tables, or at events. Check out designed materials for printing here, including bookmarks!
- Share VOTE411 with staff so they can help spread the word.

2024 ELECTION KEY DATES

While local election calendars will look different depending on your ZIP-code, and civic engagement is a year-round activity that LWV is constantly working on, there are a few key dates in 2024 to help independent bookstore owners start creating a calendar for civic programming. These are all dates that LWV will offer programming around.

1. **August 1: National Poll Worker Recruitment Day**
   - This is a day of action to encourage people to sign up to become poll workers. Power the Polls offers an online portal where people can sign up to receive local poll worker information. LWV is a national partner of Power the Polls, so be sure to use their link when signing up poll workers: powerthepolls.org/LWV.
