Exclusive paperback edition of *A Stroke of the Pen*

Author: Terry Pratchett

Publisher: HarperCollins

Imprint: Harper Paperbacks

Retail Price: \$18.99

Specs: 5 5/16 in. x 8 in.

ISBN: 9780063390287

Print run: Based on orders.

Description: A delightfully funny, fantastically inventive collection of twenty newly unearthed short stories by Sir Terry Pratchett, the award-winning and bestselling author of the phenomenally successful Discworld fantasy series. This special trove — featuring charming woodcut illustrations and a new cover — is a must-have for Pratchett fans of all ages and includes a foreword by Neil Gaiman.

These rediscovered tales were written by Terry Pratchett under a pseudonym for British newspapers during the 1970s and 1980s. The stories have never been attributed to him until now, and might never have been found — were it not for the efforts of a few dedicated fans.

The day after Indie Bookstore Day is Terry Pratchett's birthday, also known as Terry Pratchett Day. We'll use the timing of this celebration to inspire the exclusive content and help promote this edition.

Author Bio: Terry Pratchett was the acclaimed author of the global bestselling Discworld series, the first of which, *The Color of Magic*, was published in 1983. In all, he was the author of more than fifty bestselling books which have sold more than 100 million copies worldwide. His novels have been widely adapted for stage and screen, and he was the winner of multiple prizes, including the Carnegie Medal for his young adult novel, *The Amazing Maurice and His Educated Rodents*. He was awarded a knighthood by Queen Elizabeth II for his services to literature in 2009, although he always wryly maintained that his greatest services to literature was to avoid writing any. He lived in England and died in 2015 at the age of sixty-six.
